TABLE BLENDER ATB-2500

- **2500W Power:** The ultimate in blending power for commercial-grade performance.
- **1.5L Glass Jar:** Extra-large capacity for bulk preparations.
- **Six Preset Program:** Comprehensive settings for any blending need, from smooth purees to crushed ice.
- **Six Satoku® Blades:** Delivers exceptional cutting performance.
- **Professional Durability:** Built to last, even under intense use.
- **Precision Control:** Tailored for the precise execution of complex recipes.

SABERU 2500: UNLEASH CULINARY EXCELLENCE WITH UNRIVALED POWER AND PRECISION

Peak Power: With a 2500W motor, the SABERU 2500 offers unparalleled blending power, ideal for commercial environments and the most demanding kitchen tasks.

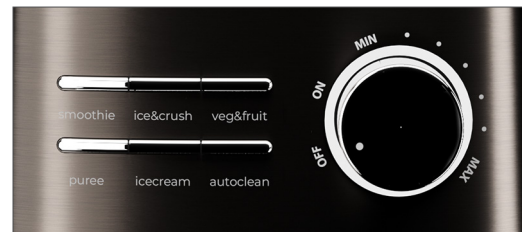

Maximum Capacity: A 1.5-liter glass jar provides ample space for large-scale recipes, ensuring efficiency in high-volume settings.

Versatile Functionality: Featuring six versatile programs — smoothie, ice cream, auto-clean, ice-crush (perfect for crushing ice), vegetable & fruit function, and puree function — this blender excels at creating everything from finely pureed soups to perfectly crushed ice.

Superior Blade Technology: The six Satoku® Blades are precision-engineered for outstanding performance, delivering consistently smooth cuts and long-term durability.

Built for Professionals: The SABERU 2500 is designed with professional durability in mind, capable of withstanding rigorous and frequent use without compromising on performance.

Control and Consistency: Precision control is at your fingertips, allowing for the meticulous execution of complex recipes to meet the highest culinary standards.
